

Winter Workshop

Learn About Wild Foods from Our Woodlands.

1. Learn how to manage your fruit and nut producing trees in your woodlot to improve production and diversity. Martin Streit - Forester
2. A presentation from the Eastern Chapter of the Society of Ontario Nut Growers. Learn what nut producing trees grow best in eastern Ontario, how to manage your nut trees and tips for harvesting, processing and eating. Publications – cookbooks and a nut growers manual.
Gordon Wilkinson – Chair of the Eastern Chapter Society of Ontario Nut Growers
3. Learn about some of the wild foods that are available in our fields and woodlands. Fred Schueler a local naturalist will discuss edible, tasty, nutritious wild foods that are free for the taking.
