Lower Ottawa Valley Chapter - <http://www.lov-owa.ca>

About the Association

The Ontario Woodlot Association (OWA) promotes the sustainable management of Ontario's privately owned forests by providing our members with guidance and advice and by representing their interests through a united provincial voice.

The Lower Ottawa Valley Chapter (LOVC) was created to serve woodlot owners in the lower Ottawa Valley and Ottawa region.

The Chapter is a group of volunteers who put on or promote local events that enable the local woodlot owners to get out and learn and share ideas and information about their woodlots.

All events led by the LOVC are open to the public.

If you join, for \$50 you receive:

1. Four hardcopy Newsletters as well as 12 e-mail Newsletters per year on topics relevant to a woodlot owner.
2. Local events such as fieldtrips, conferences and workshops.
3. The opportunity to network with fellow woodlot owners and forestry professionals.
4. The support of the OWA, which actively promotes the best interest of the members with respect to legislation, taxation and regulation affecting the ownership & management of private forests.

We need you as a member of the OWA

- to strengthen our collective voice as the advocate for privately owned woodlots.
- to help us support the OWA vision to create and maintain healthy and productive woodlots
- because nobody else is speaking for you, the 160,000 private woodlot owners.

The LOVC Board meets quarterly and we welcome your input. Please contact any of the names below with your suggestions.

Meeting

April 21 & 22,
2020
Ontario Woodlot
Association
Conference and
Annual General
Meeting
Niagara College
Campus,
Welland, ON

The Lower Ottawa Valley Chapter Supports the following events:

Get your mind off the long cold winter and join us at our first event of the year – Winter Works around the Woodlot.

Location: Grenville Mutual Insurance
Company Building
380 Colonnade Drive
Kemptville

Registration: 8:45 – 9:00

For information contact Barb Clark at 613-821-0140, barb.clark@lov-owa.ca

Every February, the Eastern Ontario Model Forest, supported by the Ontario Ministry of Natural Resources, puts on a one day Conference on Forestry related topics provided by experts in the field. The event is always well attended with an interesting variety of topics and speakers.
Theme: “What your forest can do for you”.

For more information please contact Cheyene Brunet at the South Nation Conservation Authority at 1-877-984-2948 or e-mail cbrunet@nation.on.ca.

Location: North Grenville Municipal Complex
285 County Road 44
Kemptville.

Our meeting includes chapter business and conference with speakers.

There is no fee to attend and again this year there is a draw for a valuable door prize for members who qualify. Monitor the LOVC website for meeting details and how to qualify for the draw or call Randy Murray at 613-258-5119.

Registration: 8:30 – 9:00

Location: Grenville Mutual Insurance
Company Building
380 Colonnade Drive
Kemptville

Don't miss Ontario's premier event for private woodlot owners.

For information see: www.ontariowoodlot.com or contact the OWA office at 613-713-1525.

Fall Walk in the
Woods

A Joint Lanark
Chapter/LOVC
event

December 9, 2020
9:00 – 13:30

Christmas Forest
Seminar
Location to be
determined

This outdoor event showcases select private woodlots around Renfrew County and explores various themes of interest to a broad variety of woodlot owners. There is usually lunch and free entertainment.

For up-to-date details monitor the LOVC website.

The OWA Lanark Chapter and LOVC have entered into a partnership to jointly organize two events each year, one in the spring and one in the fall. The spring event is led by LOVC and supported by the Lanark Chapter, while at the fall event it is vice versa. This is an excellent means to make new contacts and enjoy quality events. The spring event is typically a walk in a woodlot led by an expert forester, biologist or ecologist. Meet with the owner and have him/her share their experiences and passions with us.

For up-to-date information on the Spring Field Trip see the LOVC website, contact Dick Lalande at 613-836-2559 or see the Lanark and District Chapter website at www.lanarkowa.ca.

Woodworkers, artisans, businesses, woodlot owners and “do-it-yourselfers” are all invited to attend this Exhibition (previously the Glengarry Wood Fair).

The event will feature displays and demonstrations from over 50 local exhibitors.

Additionally, a wood auction will be taking place at 3:00 pm for those interested in acquiring locally sourced wood

Come with us for our fall walk in the woods. Each year when the fall colours are at their peak, we arrange a joint event with the Lanark Chapter at a woodlot in the region. Learn about good woodlot management practices and have fun socializing with other friends of the forest. The fall event is organized by the Lanark Chapter and supported by LOVC. The walk is typically led by an expert forester or biologist thus making it an excellent event dealing with an advanced topic on forestry. Bring your hiking boots, a hat and mitts just in case.

For up-to-date information on the walk, check the Lanark Chapter website at www.lanarkowa.ca and click on WHAT’S HAPPENING or visit the LOVC website.

This informative event has become a tradition and much anticipated gathering for those interested in a focused and circumspect investigation of topical forest related issues, challenges and opportunities. It's also a great occasion to touch base with colleagues and friends, and meet new acquaintances, in a relaxed and festive atmosphere prior to the holiday season.

Lower Ottawa Valley Chapter Chainsaw Courses

Chainsaw Safety

Open to the general public, this 2 hour course gives the chainsaw user an appreciation of the safety features and an awareness of the risks and dangers associated with a chainsaw and covers maintenance and sharpening.

Chainsaw Operation

This 3 hour course provides hands-on experience in the safe and efficient use of a chainsaw. Participants must have previously completed the Chainsaw Safety Course.

Using the Chainsaw for Firewood

This one day course provides hands-on experience in handling firewood. It covers topics such as tree selection, felling, trimming, bucking and splitting. Participants must have previously completed the Chainsaw Safety Course.

Certified Chainsaw Operator

This 2 day course provided Professional Certification for those persons interested in working in the forestry sector. It is also valuable for those wishing to gain more experience in the woodlot. Participants must have previously completed the Chainsaw Safety Course.

See the LOVC website for more course information, dates and registration details.
